HONG KONG SEVENS 2014

Because the seats are limited the prices for airline seats may vary from those quoted above if the airline budget seats are exhausted when we go to book yours. We would then be able to offer a seat at the next pricing level to get you seats if available. This is a case of first in best dressed while Sevens tickets and accommodation options are available.

We have a group leaving Saigon on 28 March and returning on 31 March. For those needing to meet connecting flights here to return to their home countries we should be able to make it work for them on the same day. We can also offer direct ticket options from Hong Kong to your home country.

The Two and Three Star hotels are basic and may not have internet in rooms, or in house dining. The Four Star hotels will have most amenities and in-house bars and cafes. In some cases airport transfers are available by hotel shuttle bus.

As the worldwide demand is so great for Seven's tickets, the organizers require full payment upon confirmation of booking. We can accept Cash, Wire transfer, and Visa/Master card with authorization for payment. Full payment is required 7 days from confirmation of seats. E-tickets, hotel vouchers and Sevens ticket vouchers will be issued within 21 days from full payment. Tickets are non-refundable and non-transferable. The stadium is under open seating rules so there are no reserved seats for these tickets. Plan to be early... and show your support in what you wear!

For those wanting to attend the Seven's match who are not located in Vietnam, we can also arrange for transport to Vietnam in time to meet your Seven's travelling group. This transport arrangement can be also include accommodation in Vietnam for transit or for an extended stay and tours.
